

## WELDING PRODUCTS

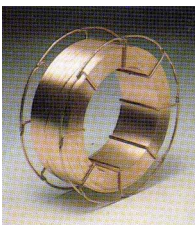

1.5 - 2.2 lb / .7 - 1 kg plastic spool

11 lb / 5 kg plastic spool

33 lb / 15 kg plastic spool

33 - 40 lb / 15 - 18 kg wire basket

Companies throughout the world rely on Deeco for all their welding needs. Deeco supplies quality made welding products in the following forms;

- **Copper and Copper Free Mig/Tig Wire**
- **Stainless and Nickel Mig/Tig Wire and Electrodes**
- **Aluminum, Cobalt and Chrome Alloy Wire and Electrodes**
- **Cobalt and Tungston Rod and Electrodes**
- **Low Fuming and Nickel Silver Brazing Wire and Rod**

Deeco welding products provide a perfect combination of quality, value and reliability. We satisfy customers and applications of all types, from garage welding to some of the most demanding environments in the world. Our products offer uniform characteristics for worry free performance each and every time they are used.

### Mild Steel Welding Wire

Deeco MIG wire is a high quality copper coated wire supplied random and precision layer wound, providing superior performance over a wide range of applications. Our wire provides excellent feeding in semiautomatic and automatic production welding.

Typical uses for our wire are in the fields of industrial manufacturing , pipe welding, construction, structural steel and vessel welding. Our double deoxidized wire produces welds with excellent radiographic and mechanical properties.

*Deeco Mild Steel Welding Wire meets or exceeds requirements from the following organizations;*

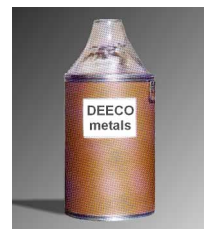

- ABS (American Bureau of Shipping)
- LLOYD's (Register of Shipping)
- DB (Deutsche Bahn)
- TUV (VdTUV-Merkblatt)
- BV (Bureau Veritas)
- CWB (Canadian Welding Bureau)
- RINA (Registro Italiano Navale)

**Classification:** AWS A5-18 ER70S-3 / ER70S-6

Diameters (inches)	.023"	.030"	.035"	.040"	.045"	.0625"
Diameters (millimeters)	0.58mm	0.76mm	0.89mm	1.02mm	1.14mm	1.59mm

Average Chemical Analysis of wire (%)	C	Si	Mn
ER70S-3	0.08	0.9	1.1
ER70S-6*	0.08	0.9	1.5

Cast & Helix	Millimeters	Inches
Cast	800mm	32"
Helix	25mm	1"

550 lb / 250 kg drum

\* Deeco also makes a special "high speed" ER70S-6. This wire has a slightly different chemical composition providing superior performance in high speed applications.

Deeco is one of the largest metals suppliers in the industry. We offer quality products from premier manufacturers both domestically and from around the world. Our commitment to product and quality excellence is evident in the customers we serve, including Teledyne, companies of General Motors and Ford Motor Company, the US Government, Boeing, Los Alamos and

Brookhaven National Labs and many others. Our headquarters is located just a few miles from the commercial shipping ports of New York and New Jersey and in the center of all major trucking routes. Our 6,000 square foot warehouse maintains a substantial inventory of the strategic products we offer. We also maintain regional sales offices in Michigan and North Carolina.
